About Adopt-a-Highway

Washington's Adopt-a-Highway program started in 1990. The Adopt-a-Highway program is a roadside clean-up program that promotes pride and local ownership in Washington's highways. Intended to promote pride and ownership in keeping our state beautiful. This program allows individuals and groups to "adopt" a section of a state highway by agreeing to take care of it for two years. All participants must be at least 15 years of age and in good health.

Volunteers perform roadside litter removal to:

- Keep the state clean
- Help save taxpayer money
- Remind people not to litter

Chelan County provides traffic control equipment, safety equipment, safety training, litter bags, and the disposal of filled bags for our group.
